

# FIELD NUTRIENT MANAGEMENT PLAN INVENTORY

---

Since you have agreed to receive manure through a Manure Transfer Agreement, it is necessary to either develop a basic Field Nutrient Management Plan (“FNMP”) or update your existing Dairy Nutrient Management Plan (“DNMP”) for the field(s) to which you intend to apply manure. The following information inventory is to ensure that your planner has the information he/she needs to do this.

## 1. Importer Information:

Producer Name: \_\_\_\_\_

Doing Business As: \_\_\_\_\_

Address: \_\_\_\_\_

Phone: (\_\_\_\_\_) \_\_\_\_\_ - \_\_\_\_\_ Email: \_\_\_\_\_

## 2. Operation Type (check all receiving manure):

- |  |   |
|--|---|
| <input type="checkbox"/> Dairy<br><input type="checkbox"/> Permitted CAFO<br><input type="checkbox"/> Non-dairy field crop (i.e., grain, vegetables, forage) | <input type="checkbox"/> Horticultural Crop (i.e., berries, vines, orchard)<br><input type="checkbox"/> Pasture, hay ground<br><input type="checkbox"/> Other _____ |
|--|---|

## 3. The following information must be provided for each individual field receiving manure (see table and questions below for information entry):

- |   |  |
|---|--|
| <input type="checkbox"/> Soil Test (must be taken within the last three years) [ <i>please attach</i> ]<br><input type="checkbox"/> Manure Test (get from the manure exporter) [ <i>please attach</i> ]<br><input type="checkbox"/> Copy of all current Manure Transfer Agreement(s) [ <i>please attach</i> ] | <input type="checkbox"/> Field location<br><input type="checkbox"/> Acres<br><input type="checkbox"/> Crop grown and estimated yield<br><input type="checkbox"/> Gallons imported<br><input type="checkbox"/> Application rate (gal/acre)<br><input type="checkbox"/> Application timing (month) |
|---|--|

• Field location: \_\_\_\_\_

Field #	Acres	Crop	Estimated Yield (ton/acre DM)	Estimated <b>pounds of manure N</b> that will be applied by the “Importer” named in this agreement*	Estimated <b>total annual amount of N</b> from all sources that will be applied† (lbs of N)

\* Indicate manure amount in pounds of nitrogen, tons solids, gallons of liquid, and/or inches per acre

† Indicate fertilizer in either units of N-P-K or in total pounds of formulated material (e.g. 200# 19-19-19)

- When will manure be applied? \_\_\_\_\_
- How long do you expect to continue receiving manure from this source? \_\_\_\_\_
- Will manure from other sources also be applied (including your own)?  Yes  No  
 Source: Farm owner/operator \_\_\_\_\_ Amount: \_\_\_\_\_
- Will fields where manure is to be applied also be used to pasture livestock \_\_\_ Yes \_\_\_ No  
 If yes, what type of stock? \_\_\_\_\_ Number : \_\_\_\_\_ Average weight: \_\_\_\_\_  
 Duration on pasture: \_\_\_\_\_

**4. Follow-Up**

Once all the requested information is received, you will receive a delivery date for your FNMP. Your FNMP will include the following information:

- Guidance on making manure applications for optimum crop production,
- Guidance on how to protect against runoff to surface water,
- Guidelines on proper NRCS Nutrient Management, and
- A detailed map showing field characteristics and critical areas that must be protected.
