

SPRING 2008

Norplex tree protectors recycling alternatives

The blue tubes, otherwise known as Norplex Tree Protectors, are made of High Density Poly-ethylene (HDPE) and can be reused and/or recycled locally.

Agri- Plas Inc.

By appointment only

8798 Guide Meridian (old Plagerman dairy)

Kyle 815-2721

Trevor 815-7919

Materials accepted: All film and rigid plastics except PVC.

The tubes will be sent to the Agri-Plas facility in Brookes, OR. The plastics will remain a domestic product. Most likely made into pellets and returned to local plastic manufacturers.

Skagit River Steel and Recycling

1265 S. Anacortes St.

Burlington, WA

1-800-869-7097

Skagit River Steel recycles agricultural plastics and will accept used and dirty blue tubes free of charge
